Good evening everyone;

Trust me, I am getting tired of saying it - same as you are of hearing it - but this is my weekly encouragement to get vaccinated as soon as you are eligible. We designated as many people as we could as frontline essential employees. If you are one of them please take advantage of that opportunity and register on the vaccination website. Everybody should be registered by now and take whatever opportunity you can to get vaccinated.

This Wednesday at 1:00 the Commonwealth is hosting the Governor's ONE Virginia town hall for all state employees to describe our collective efforts to address diversity, equity and inclusion in state government. Please plan to participate or listen to the recording when your schedule allows. This webinar will provide an overview of the work that we are undertaking to create an agency that is reflective of Virginia's population and is welcoming to all Virginia citizens. Everyone associated with this agency will be involved in this work so start getting yourself ready to participate.
