Coronavirus Disease 2019 (COVID-19)

Update on VDOF Operational Status

Yesterday Governor Northam expanded the Commonwealth's response to COVID-19 by ordering the statewide closure of K-12 schools for the rest of the year, as well as the closure of certain nonessential businesses. While these steps underscore the Administration's commitment to doing everything possible to reduce the spread of the virus, they do not alter VDOF's current guidance. Please continue to practice social distancing, including working remotely, as much as possible while exercising caution as you execute your duties and follow CDC guidance for protecting yourself and others against the virus. If you have further questions please ask for guidance.
