

Online Professional Development Workshops Offered by Virginia Project Learning Tree

National PLT offers a number of online workshops. These range in cost from \$25 - \$40 per workshop. Due to a generous grant from the *Virginia Forestry Educational Foundation*, **Virginia PLT is able to offer these workshops to you for \$10**. You will be able to register and pay this fee online. Once you have registered and paid you will receive an access code to take the online course.

So what does this PD look like? For each course there will be three components:

- I. Video Conferencing call with a PLT Facilitator
 - Introductions, Ice Breaker Activity, Discussion and Questions

- II. Take the online course at your own speed, but with a set deadline. You will receive a copy of the Guide as an E-book and you will be able to print out a certificate of completion with hours for recertification points.

- III. Video Conferencing call with a PLT Facilitator
 - Debrief the activities presented in the online course: What did you like about the activity? How you could use it with your curriculum? How you could adapt it to better suit your needs? How could it be used to support math, language arts, social studies, art, and PE? What other activities did you discover in the Guide that you could use?

The following courses are offered online and are linked to a description on the PLT website. Virginia PLT is happy to offer all of these courses in the format as described above.

- [Environmental Education for Kindergarten to Grade 8](#)
- [Treemendous Science! for Grades K-2](#)
- [Energy In Ecosystems for Grades 3-5](#)
- [Carbon & Climate for Grades 6-8](#)
- [Early Childhood](#)
- [GreenSchools](#)
