

January 30, 2003

Dear Valued Customer:

The enclosed list is composed of updates to the primary wood processors in the 2001 Forest Products Industry Directory. This update is a courtesy mailing and future updates can be accessed, as well as additional copies, from our website: [www.dof.state.va.us](http://www.dof.state.va.us)

Directories for secondary forest products and other forest-based resources should be available in the near future. An omission of any industry was unintentional. The listing of any industry in this update does not constitute or imply a recommendation by the Department of Forestry. All updated information provided was based on comprehensive studies conducted by regional and central office staff.

\*At the beginning of June 1, 2001 the western and southern portion of the 804 area code territory received a new area code of 434. At this time all calls must be dialed using the 434 area code.

\*On September 1, 2001 southwest Virginia's area code changed to 276. At this time the use of the old 540 and new 276 area codes must be used to place calls within or between area codes.

If any information needs to be corrected please complete the attached form or contact Charlie Becker at:

Virginia Department of Forestry  
900 Natural Resources Dr. Suite 800

Sincerely,  
Shannon N. Farrar  
Natural Resource Specialist II

## INFORMATION FORM FOR ALL FOREST PRODUCTS COMPANIES

The following form can be used to make any corrections or additions of information on any forest products company in Virginia. The information can then be mailed, faxed or called in. All information collected will be used to help improve markets for Virginia forest products. The more complete the information, the better ability we have of directing potential buyers to your products. If more than one operation is performed at a location (i.e. sawmill & millwork, etc.) please include information about each. If you have any questions, contact Charlie Becker, Utilization & Marketing Forester @ 434-977-1375 Ext: 3515.
