I hope everyone is enjoying the waning month of summer. It is good to see we are getting a little respite from the brutal heat and humidity of the last several weeks.

Thanks again to all of our folks who have braved the summer temps and deployed to help our fellow state combat the devastating fires we continue to have across the nation. Whether you are part of our engine teams or a single resource, your contribution is critically important and greatly appreciated.

Stay safe and hydrated.

And take a look at the great things going on in the Branch.
