Good morning everyone,

Governor Youngkin plans to visit VDOF headquarters on September 29th to meet with SMT and then to spend time with agency staff. We look forward to sharing our work with the Governor and hearing how we can support the goals of the administration.

Everyone that works with IFRIS will be excited to hear that we are meeting this week with the project managers from Esri to see how the line of ArcGIS products could improve our mapping and database systems.

Thanks for everything you are doing, enjoy this beautiful day if you can.
