THIS AGREEMENT, made and entered into this 14th day of July, 2021, by and between the Commonwealth of Virginia, Department of Forestry hereinafter called the Department, and _____, of _____, Virginia, hereinafter called the Purchaser.

WITNESSETH THAT:

ARTICLE I

- (1) The Department agrees to sell and the Purchaser agrees to buy all the sawtimber and standing pulpwood on an estimated 42.3 acre tract designated for harvest. All sawtimber and pulpwood have been estimated (prism cruise) and are offered for sale. ALL MERCHANTABLE TIMBER IS SCHEDULED FOR CUTTING UNDER THIS CONTRACT. The sale area is located north of Iris Road, Rt. 602, adjacent to Bourne Forest Road. See attached maps and consult a Virginia Highway map. The volume is estimated to be approximately 428,211 board feet of pine and hardwood sawtimber (International 1/4" Rule), 33,096 board feet of pine chip and saw and 1,544 tons of standing pine and hardwood pulpwood. The volumes are only estimates and not guaranteed. Each bidder is urged to use their own cruise data to compute bids. The timber sold consists of predominantly pine sawtimber and pulpwood with some hardwood.
- (2) The Department guarantees the title to said timber and to defend it against any and all claims for taxes, mortgages or other legitimate encumbrances at its own expense. However, title to all forest products shall remain with the Department until payment has been made in full.
- (3) The Department hereby expressly grants to the Purchaser the right of ingress and egress across and upon the sale area.

ARTICLE II

- (1) The Purchaser agrees to pay the Department the sum of (\$ FULL AMOUNT) dollars (\$ _____) for all the timber sold hereunder. The full payment is due and payable within ten (10) days from the date hereof. No timber shall be cut, nor shall this contract be deemed to be in effect, until payment has been made in full.
- (2) The Purchaser agrees to notify the New Kent Forestry Center office 804-966-2201 **three (3)** days prior to the commencement of harvest activities.
- (3) Unless a written extension of time is granted by the Department, or barring forfeiture of cutting rights for noncompliance of contract provisions, all stumpage sold hereunder shall be removed on or before **January 1, 2023.**

ARTICLE III

- (1) Timber harvested hereunder shall be felled, skidded and concentrated in such manner as to cause the least possible waste and a minimum of damage to designated crop trees, streams, creeks, springs and soils.
 - (a) Stumps shall be cut in such manner as to cause the least possible waste and not higher than 10 inches above ground level, except on misshapen or defective trees where cutting below 10 inches is not practical.
 - (b) All trees sold hereunder shall be utilized as low in diameter in the tops as may be practical.
 - (c) All merchantable trees will be cut (unless otherwise designated). All trees greater than 2 inches in diameter shall be felled.
 - (d) All trees shall be felled within the cutting boundaries. Logging debris accumulated outside the sale area shall be pulled back within the sale area unless otherwise specified by the Forest Management Specialist.
 - (e) Extreme caution will be requested in felling and skidding any marked trees from the reserve areas to be thinned (if applicable – see attached map). This is to minimize damage to the residual growing stock which will be retained.
 - (f) No trees, laps or logging debris will be left in streams, creeks or springs.

- (g) The Purchaser and the Department shall mutually lay out the designated system of skidding trails over which the timber sold hereunder shall be removed and all skidding activities will be confined to these trails.
 - (h) The Department and the Purchaser shall mutually agree to suspend logging activities during such time as these activities would result in detrimental consequences to forest soils during prolonged periods of inclement weather.
- (2) Timber harvested by the Purchaser from standing trees shall be removed in such a manner as to cause the least possible damage to the existing main haul roads and no public hazard at entrance ways to primary and secondary Virginia highways.
- (a) Access to the sale area is adequate and main hauls will be confined to this system for all men, materials and logging equipment including transport trucks necessary for the removal of said timber; the right to designate or approve the location of any new road across State Forest land is specifically reserved.
 - (b) All such new roads with the exception of skidding roads constructed by the Purchaser and all existing roads within the timber sale area shall be left in passable condition (usable by pickup truck) during and upon completion of this contract.
 - (c) During and upon completion of the harvest operation, the Purchaser shall comply with the Water Quality and BMP standards listed in the "Virginia's Forestry Best Management Practices for Water Quality, Fifth Edition" issued by the Virginia Department of Forestry. The Department reserves specifically the right to request corrective action of the Purchaser in maintenance and stabilization of forest roads, trails, culvert pipes, water bars, side ditches, lead-off ditches, decks, skid trails and streams where destructive action of the Purchaser has contributed to a BMP or Water Quality problem.
 - (d) The Purchaser shall guard against the unnecessary transfer of mud and debris by vehicle onto the public highway system of the Commonwealth of Virginia, whereby the same poses a threat to public safety. Furthermore, the Purchaser assumes the responsibility for the preventive and/or corrective action necessary to eliminate this source of hazard should the problem develop.
 - (e) The Purchaser will assume the responsibility for stabilizing against erosion on used forest roads and trails according to the Water Quality BMP Handbook.
 - (f) All logging operators on state forest lands must be trained and certified under their respective state's professional logger program such as Virginia's SHARP Logger Program.
- (3) The location of any landings, logging deck areas and stream crossings will be approved by the Department prior to development.
- (4) The Purchaser agrees to exercise the utmost care and caution to prevent the inception and spread of forest fires on the area for sale and on adjoining areas. The Purchaser further agrees to observe and comply with all the forest fire laws of the State of Virginia which may be applicable. The Purchaser will be held liable for costs associated with controlling any fire caused by the harvest operation or for fire damage to residual trees and adjacent forest stands.

ARTICLE IV

- (1) The Department reserves the right to postpone timber removal under terms of this contract for gross noncompliance with the agreed upon provisions herein, to the extent, however, that in case of dispute over the terms of this agreement, the Department and the Purchaser agree to accept the decision of an arbitration board of three selected persons. Each of the contracting persons will select one person and the two selected will select a third to form this board. In the event a satisfactory decision is not reached, appeal to the local Circuit Court is available.
- (2) The Department reserves the right to retain and use the associated performance bond against costs incurred to remedy any noncompliance of items in Article III. The performance bond will be held by the Department for up to 60 calendar days after completion of the harvest or termination of the harvest to allow the Purchaser sufficient time to fix any issues. The performance bond will be returned to the Purchaser or held on file for future sales if all issues are resolved within 60 calendar days. The performance bond will become the property of the Department to fund corrective practices for any noncompliance remaining after 60 calendar days.

ARTICLE V

- (1) The Purchaser's signature on the face of this bid certifies that this bid is made without prior understanding, agreement, or connection with any corporation, firm or person submitting a bid for the same material and is in all respects, fair and without

collusion or fraud. The Purchaser understands that collusive bidding is a violation of the Virginia Governmental Fraud Act and federal law and can result in fines, prison sentences, and civil damage awards. The Purchaser agrees to abide by all conditions of this bid/proposal.

- (2) The Purchaser, and all solicitations and advertisements for employees placed by or on behalf of the Purchaser, will state that such Purchaser is an equal opportunity employer.
 - (a) The Purchaser will not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin, except where religion, sex or national origin is a bonafide occupational qualification reasonably necessary to the normal operation of the Purchaser.
 - (b) The Purchaser agrees to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provisions of this nondiscrimination clause.
- (3) **DRUG FREE WORKPLACE:** The Purchaser acknowledges and certifies that it understands that the following acts by the Purchaser, its employees, and/or agents performing services on state property are prohibited:

- (4) The Purchaser certifies and warrants that by his signature on the face of this bid he has neither offered nor received any kickbacks from any other bidder in connection with his bid on this solicitation. A kickback is defined as an inducement for the award of a contract, in the form of any payment, loan, subscription, advance, deposit of money, services or anything, present or promised, unless consideration of substantially equal or greater value is exchanged. Further, no person shall demand or receive any payment, loan subscription, advance, deposit of money, services or anything of value in return for an agreement not to compete on a public contract.
