

Why Virginia Trees Are Your Best Choice

Cooperative Efforts

The Virginia state nurseries are members of the Cooperative Tree Improvement Program at North Carolina State University. Enhanced productivity through breeding, selecting and deploying superior loblolly pine families is a major goal of the Cooperative.

Benefits of Tree Improvement Research

- Due to cooperative sharing of genetic material, the best families suitable for Virginia are grown at DOF nurseries.
- Selections continuously place emphasis on properties desirable for solid wood products (e.g., straightness and crown characteristics).
- Some families from other provenances and cold hardiness zones either perform erratically or fail in Virginia.

Advantages of Our Improved Loblolly Pine

- Improved genetics for fast-growing, straight and disease-resistant seedlings
- Increased growth and yield over unimproved seedlings based upon field trials [Loblolly Pine Premium Open Pollinated (OP) provides minimum 50% gain; Loblolly Pine Elite Open Pollinated (OP) provides minimum 60% gain; Loblolly Pine Virginia's Best Open Pollinated (OP) provides minimum 65% gain, and Loblolly Pine Control Pollinated (CP) provides minimum 90% gain]
- Increased profits from improved growth
- Completely dormant seedlings withstand shipment and planting significantly better than non-dormant seedlings
- Excellent survival rates from top clipping of seedlings to control the shoot/root ratio

Terms and Conditions

- It is recognized that under certain conditions DOF and/or the buyer is unable to honor commitments for seedlings ordered. A full or partial refund will be granted when: DOF is unable to fill the order due to the unavailability of quality seedlings, DOF made an error when placing the order, DOF personnel determined that the seedlings were damaged in transit, or DOF personnel failed to fulfill written or implied contractual arrangements for planting or site preparation.
 - A refund will be granted with a \$20 service fee deducted when the landowner cancels the order within 30 days of placing the order.
 - A refund will be granted with a 50% restocking fee or \$20 service fee (whichever is higher) when the landowner cancels the order between 31 to 59 days after placing the order.
 - A refund will be granted with a 90% restocking fee or \$20 service fee (whichever is higher) when the landowner cancels the order after 60 days of placing the order and before January 15.
 - No refunds after February 1.
- The Department of Forestry assumes no responsibility or liability for the planting of any tree seedlings, and, in the sale thereof, makes no warranties, expressed or implied, of merchantability or fitness for a particular purpose, and makes no warranties regarding the survival or rate of growth of any seedlings.
- Prices subject to change without notice.

Enabling Legislation

Title 10, Subtitle 2, Chapter 11, Section 10.1-1114 of the Code of Virginia: As a direct means of re-establishing forests on lands in Virginia, the Department of Forestry, hereafter referred to as the Department, grows tree seedlings for sale at cost to private and public landowners for foresting lands in Virginia.

Introduction

The Virginia Department of Forestry (DOF) has been growing seedlings for Virginia landowners for more than 100 years. When you put your money in the ground in the form of seedlings, you need to start with the best stock available; stock suited for Virginia soils and climate. The cultural practices that we use in growing seedlings in our seedbeds are based on more than 60 years of research and experience in quality production.

In addition to a wide selection of bare-root seedlings, we also offer specialty seedling packs suitable for various wildlife habitats. Most seedlings are sold directly from the seedbed without replanting, and seedling age is indicated with 1-0, 2-0 and 3-0 (one-, two- and three-year-old).

We also offer containerized longleaf pine seedlings. These seedlings must be picked up at the Sussex Nursery.

This Seedling Price Guide provides pricing for more than 40 species of seedlings that have been grown at one of Virginia's two state nurseries: the Augusta Nursery, near Waynesboro, and the Sussex Nursery near Petersburg.

Visit our website to learn more about the species and seedling sizes we offer and to view images of many species. While you're there, place your order through our convenient web store.

All orders, except for containerized loblolly pine, made from this brochure or on-line can be picked up at or shipped from the Augusta Nursery via United Parcel Service delivery.

For conservation/reforestation projects, contact your local DOF forester.

Sycamore 1-0 ✚ <i>(Platanus occidentalis)</i>	\$80	\$120	\$160	\$240	\$320
Walnut, Black 1-0 ✚✚ <i>(Juglans nigra)</i>	\$85	\$130	\$185	\$275	\$360

Special Offer of Smaller Quantities

Bare-root tree species may be purchased in quantities of **5 for \$15, 10 for \$20, or 25 for \$45** (excludes American chestnut varieties, Allegheny chinkapin, and paw paw); American chestnut varieties in quantities of **5 for \$40 and 10 for \$60**; Allegheny chinkapin and paw paw in quantities of **5 for \$25, 10 for \$30 and 25 for \$65**.

Containerized Seedling Species <i>(Scientific Name)</i>	Quantity/Price	
	50	334
Pine, Longleaf Containerized <i>(Pinus palustris)</i>	\$25	\$84

Specialty Packs	Price
Fall Color Seedling Pack	\$50.00/25-pack
Contains these species for a total of 25 Seedlings	5 Maple, Red 1-0 10 Sweetgum 1-0 10 Poplar, Yellow 1-0
Pollinator Seedling Packs	\$175.00/100-pack
Contains these species for a total of 100 Seedlings	25 Locust, Black 1-0 25 Cherry, Black 1-0 25 Persimmon 1-0 25 Poplar, Yellow 1-0
Riparian Buffer Starter Seedling Pack	\$300/300-pack
Suitable for one acre. Contains these species for a total of 300 Seedlings	50 Birch, River 1-0 50 Cypress, Bald 1-0 50 Oak, Pin 1-0 100 Pine, Shortleaf 1-0 50 Sycamore 1-0
Wildlife Seedling Packs	\$175.00/100-pack
Contains these species for a total of 100 Seedlings	25 Apple, Crab 1-0 25 Chestnut, Chinese 1-0 25 Oak, White 1-0 25 Persimmon 1-0

Sussex Nursery Offers Containerized Longleaf Pine

Containerized seedlings help accelerate early growth on pine plantations. Due to cold weather, the best time to plant bareroot seedlings in Virginia is February to March. However, container seedlings are best planted in the fall. Pristine roots, larger seedling size, intact root ball and earlier planting all contribute to rapid growth.

All container seedlings will be packaged by November 1 and must be picked up by mid-December.

To Place an Order

- ♦ Orders are accepted from October to mid-April.
- ♦ Order online at www.BuyVaTrees.com; by mail using Form 12.2 Tree Seedling Catalog Order available at www.dof.virginia.gov, or by phone at (540) 363-7000.
- ♦ Payment in full is required at time of order.

Shipping and Handling

- ♦ Seedlings are available for pick-up or delivery from February 20 to April 26 depending on weather conditions.
- ♦ Pick-up is available at the Augusta Nursery free-of-charge.
- ♦ Shipping charge is 35% of the order total with a minimum shipping charge of \$25.
- ♦ Specify a desired shipment date when placing order.
- ♦ All UPS orders are shipped from the Augusta Nursery on Mondays, Tuesdays and Wednesdays.

Sales Tax

- ♦ Virginia sales tax is 5.3% of the order subtotal.

Tax Exempt

- ♦ Tax-exempt orders CANNOT be made online through the web store. For tax-exempt orders, mail a completed Form 12.2 Tree Seedling Catalog Order with a completed sales tax exemption form to the Augusta Nursery with payment. Sales tax exemption form must be completed in full, including tax exempt number. Blank sales tax exemption forms can be found at tax.virginia.gov.

✚ Walnut trees are susceptible to Thousand Cankers Disease, which has been found in Virginia. See DOF website for additional information.

✚ This species may be upgraded to “Whips” to meet the standards for Conservation Reserve Enhancement Program plantings. Available in limited quantities.
